

ARK Curriculum Mapping Guidance 2026

- The ARK Value of **Aspiration** embeds the importance of Curriculum Mapping and ARK Staff link this to progress when sharing with Learners, Families and Providers. When creating a culture of visions for the future, specifically significant for learners and families who may have faced adversity and challenge.
- This guidance is intended to act as a support and a clear directive for ARK Leaders, Providers, Tutors and Learners to ensure all Curriculum areas are accessed, taught, retained and revised where possible. Curriculum Mapping acts as a guide and resource to compliment ARK sessions, assessments and exams. ARK Leaders may also use this to support remote and home learning. ARK's main offer is English and Maths at a Functional Skill Level. This is not exhaustive and other, certificated learning may be offered dependent on Learner need and ability.
- This guidance ensures Curriculum Mapping is accessible to all ARK Leaders, Tutors and learners registered, in order to achieve progress and the best outcomes.
- Curriculum Mapping offers clarity and structure to learning sessions. ARK Leaders are mindful that this is not exhaustive when delivering sessions around Maths and English Functional Skills.
- Curriculum Mapping will support, guide and offer clarity to all Educators, Parents, Learners and Providers who are part of the ARK Community. ARK Leaders are mindful of the variety, transient educational journey and varying need of Learners who attend ARK sessions. Curriculum Mapping aims to ensure depth, clarity and variety for each learner.
- The Curriculum Mapping ensures ARK Learners work towards a regulated and accredited qualification and certificate in Functional Skills Maths and English via a digital platform via Pass Functional Skills-please note the current Governing body for this is OFQUAL. The governing board is Open Awards.
- ARK Learners will access the Curriculum Mapping via face to face talking sessions, digital assessments, work sheets, online quizzes and book work. ARK Leaders may blend this learning or amend this to suit the needs of the individual learner.
- ARK Leaders are aware that this document acts as guidance and may be changed and amended subject to delivery and demand. ARK Leaders aim for the best possible outcomes for all learners and Providers.
